

James Craig, Vice President of Autism Services for Beacon Health Options, will be presenting a webinar on how to administer the Modified Checklist for Autism in Toddlers-Revised (M-CHAT-R/F). The M-CHAT-R/F is the American Academy of Pediatrics recommended tool for pediatricians to screen for autism spectrum disorder during routine pediatric check-ups, valid for children 18-30 months old.

An overview of the Medicaid Applied Behavior Analysis benefit that became available January 1, 2017 will be included as part of this webinar, including the diagnostic requirements and explanation of the referral process for families in need of ABA services. Invitees include pediatricians, pediatric clinical and office staff. This webinar will take place on:

**Thursday, July 27th, 2017
9:00AM-10:00AM**
