

PROVIDER ALERT

ALOS/30 DAY READMISSION REPORTS

MARCH 16, 2012

A monthly report showing each hospital's Average Length of Stay for psychiatric admissions and each hospital's 30 day readmission rate for the rolling previous 12 months will be provided to MHA and all Core Service Agencies. The readmission rate is defined as all discharges from a psychiatry unit in Hospital X that are readmitted to any psychiatry unit at the same or any other hospital within 30 days of discharge date.

For providers wishing to access this information, please contact your Core Service Agency.
