

PROVIDER ALERT

CPT CODE CHANGES TAKING EFFECT JANUARY 1, 2013

OCTOBER 23, 2012

Effective January 1, 2013, the Maryland Public Mental Health System will begin using the American Psychiatric Association's revised CPT code schedule for services rendered on or after January 1, 2013.

We are diligently working with the Mental Hygiene Administration and Maryland Medicaid to develop any new protocols that may be needed and hope to communicate them soon.

We are planning to discuss proposed changes and solicit provider feedback at the next Provider Council Meeting scheduled for November 2, 2012.
