In order to be included in the PRIORITY POPULATION, individuals must meet the target diagnostic criteria and meet the following functional limitations:

Serious mental illness is characterized by impaired role functioning, on a continuing or intermittent basis, for at least two years, including at least three of the following:

- Inability to maintain independent employment,
- Social behavior that results in interventions by the mental health system,
- Inability, due to cognitive disorganization, to procure financial assistance to support living in the community,
- Severe inability to establish or maintain a personal support system, or
- Need for assistance with basic living skills.

The diagnostic criteria may be waived for the following two conditions:

1. An individual committed as not criminally responsible who is conditionally released from a Mental Hygiene Administration facility, according to the provisions of Health General Article, Title 12, Annotated Code of Maryland. Or
2. An individual in a Mental Hygiene Administration facility with a length of stay of more than 6 months who requires RRP services, but who does not have a target diagnosis. This excludes individuals eligible for Developmental Disabilities services.
