

PROVIDER ALERT

NOTICE

EVALUATION AND MANAGEMENT (E&M) RATE CODE CHANGES EFFECTIVE JANUARY 1, 2014

July 18, 2014

Change to Schedule:

ValueOptions Maryland has been working with providers to complete our two-phase approach to the E&M code rate change as we do not currently determine rates based on place of service. The adjustments to our fee schedules have been completed; however, we have not yet finished all the outreach required to assist the provider community.

As this effort continues, we have decided to change the date that retractions shall take place and move it out one week. We initially advised providers that these updates will be made on the check cycle scheduled for July 22, 2014.

We will now be making these updates on the check cycle of July 29, 2014.

We apologize for any inconvenience that this may cause.
