

PROVIDER ALERT

PUBLIC MENTAL HEALTH RATE UPDATE

FEBRUARY 4, 2015

Provider rates for the Maryland Public Mental Health system were increased by 4% for most services with dates of service beginning January 1, 2015. The Board of Public Works cut this increase to 2% retroactive to January 1, 2015. The ValueOptions system has already implemented the change in the rates. Claims paid at the 4% level after January 1 will be on this week's provider summary voucher and show as an adjustment.

The new rate schedule can be found at:
