2. Select the file you wish to download. You will get two files daily containing Medical data (ex. ***ARRMED) and Authorization data (ex. ***ARRAUT)

Please note, Beacon Health Options keeps these files for 90 days. After that time, files may be deleted.

Files(1)	File Size	Sent By	Date Posted	Comments
CECOARRMED 03242017.txt	143856 bytes	VALUEOPTIONS	Fri Mar 24 08:37:28 EDT 2017	System File
CECOARRAUT 03242017.txt	4068 bytes	VALUEOPTIONS	Fri Mar 24 08:34:43 EDT 2017	System File

3. Click the hyperlink of the file name, and download both MED and AUT files. Once downloaded, choose 'Save As' from the pop-up at the bottom of your browser to save the files to your local hard drive

- 4. Next, Extract the recently saved Files:
 - First locate the saved files in your computer.
 - Right click on the file, click "7-Zip" (or any other file uncompressing option available) and select "Extract Here" for the ARRMED zip file.
 - Repeat the same process with the ARRAUT zip file.

5. Once uncompressed, the files will be saved on .txt format as below.

6. Now open the Excel file called "JailDataLink_Import_Template.xlsx" which allows you to import the .txt DataLink files into a spreadsheet for an easier view.

Once you open the templet, click on "Data" which is located at the very top of excel and choose "Refresh All"
