

Treating Veterans and their Families in Primary Care Settings

Full day
Training
Conference

When: March 20, 2014

Time: 8:30-4:00pm

Sponsored by:

**MARYLAND VETERANS
RESILIENCE INITIATIVE**

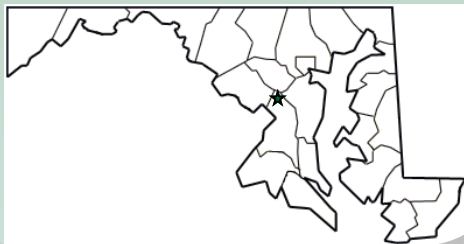

and the
University of Maryland,
University Health Center

Cost: \$25 includes catered lunch,
screening tools, other resources

CMEs/CEUs: 6 (AACME
Category I Lecture Series)

Location: Clarksville, MD

The Gathering Place
Off Rt. 32 near Columbia

Who Should Attend:

Physicians, physician assistants, nurses, nurse practitioners, physical/occupational therapists, and other physical healthcare providers

Participants will learn to:

- Screen veterans and family members for military status/history
- Make appropriate referrals to the VA
- Identify service-related conditions, including symptoms and best practices for treating traumatic brain injury, posttraumatic stress, substance abuse, pain, and sleep problems
- Use quick screening tools applicable for primary care settings
- Help veterans and family members overcome barriers to receiving health care

Speakers: Military health experts from Walter Reed National Military Medical Center, the Pentagon, US Navy Bureau of Medicine and Surgery, and Maryland VA Health Care System
